Dear Mrs. Manley:

Received your letter of July 2nd.

I just received a swell letter from Dick Connors and he feels very confident that the game between the Cuban Stars and the Newark Eagles in Albany on Sunday, July 14th will be very good, in a financial way. He mentions: "the fans saw the calibre of your clubs and will not be from Missouri this time."

He is very anxious to get some more information about the individual players, the team, etc. He is going to have the announcement made over four different stations: two in Albany, one in Troy and one in Schenectady.

Any additional data that you may have, please get off to Mr. Connors immediately.

In regards to the last paragraph of your letter, I don't know what arrangement can be made, but I'll take it up with the Bay Parkway baseball club next week.

Very truly yours,

W. A. Leuschner
